TRYING TO TAME AN OCEAN

Page Turners

Raiders of the Pacific is the true account of the aircraft that struck the U.S. on December 7, 1941, and the part that the Japanese played in this historic event. Drawing on hundreds of sources, author Don N. Wight tells the story of the raiders' spirit and how they were able to accomplish their mission. The book is packed with factual information and personal accounts of the raiders. The raiders' actions are described in detail, from preparation to execution. The book also includes interviews with surviving raiders, giving readers a unique perspective on this historic event.

The book is a must-read for anyone interested in World War II history, aviation, or the history of Japan and the United States. The raiders' actions and the impact of the attack on Pearl Harbor are vividly described, making the reader feel like they are witnessing the raiders' actions firsthand.

Wight's writing style is engaging and informative, making the book easy to read. The book is well-researched and accurate, with a focus on providing a detailed and comprehensive account of the raiders' actions.

In summary, Raiders of the Pacific is an excellent book for anyone interested in World War II history. The book is well-written, well-researched, and engaging, making it a great read for anyone looking to learn more about the raiders and their actions during the Pearl Harbor attack.
